READ AND STUDY EXTRACTS OF EMANCIPATION.

Proving what are the present workings of

PRESIDENT LINCOLN'S POLICY.

The most important and timely book of the season, which should be

CIRCULATED EVERYWHERE.

THE STANDARD WORK ON EMANCIPATION.

MANY THOUSANDS have already been sold and the demand is constantly increasing.

Read and Circulate from the first statements of the country, testifying to its importance.

From Hon. John T. Stewart of Maryland.

I think that a large circulation of the work in this State would have a beneficial effect. The doubts, thoughts, and who will buy the book if not in their way.

From Hon. Wm. Price, U. S. Attorney for Baltimore.

The plan of the work is precisely what it should be; it deals in facts and does not, you take it, make any statement for a fact, and gives a great value for circulation, especially in the border States. It will greatly assist in rendering us a homogeneous people. I cordially give its circulation among us.

From Hon. Wm. L. Marshall of Maryland.

Each will step to call the attention of men of energy and courage throughout the State to the work. You may rest assured that it will yield your purpose as far as can, and I am obliged to you for the opportunity so gained.

From T. S. Bell, M. D., Surgeon of the Kentucky Sanitary Commission.

Cochin's work will give its valuable data for house consumption. You may rest assured that no effort will be spared on my part to have it well circulated, and I am confident that it will succeed.

From Hon. Geo. P. Fisher of Delaware.

I am satisfied that this work was well entitled to the first prize awarded to it by the French Academy, and that our countrymen who have earned for him the tribute paid by the distinguished Secretary of the Academy in pronouncing him "at once an apostle and an economist." Both this work and its complement, "The History of Slavery," will be well received.

From Hon. J. T. Stewart of New York.

It will be well to do all we can to promote the circulation of M. Cooley's work.
